NEOCENE MINE IS WORKING UNDER A NEW MONIKER

The Neocene Gold Mining Company, a Nevada corporation operating a rich placer deposit in an ancient river channel two miles north of Nevada City, California has increased its holdings by the acquisition of contiguous territory through absorption of the estate owned and operated by the Major Mining and the Richland Mining Companies.

The reorganization of the company was effectual at the annual stockholders' meeting, held in Carson City, Nevada, May 1. The company will hereafter be officially known as the Neocene Gold Consolidated, with shares changed from 10 cents par value to $1 and a capitalization of $1,500,000, of which 1,000,000 shares are outstanding and 500,000 shares in the treasury.

President C. Manker reported the company in a healthy condition, free from indebtedness, and a well-supplied treasury for carrying forward an intensive production and development campaign. The stockholders of the Major Mining Company and the Richland Mining Company recently voted to accept the offer made them by the Neocene company and official sanction was given by stockholders in the anual gathering at Carson City for issuance of 60,000 shares of treasury stock for transfer on the basis of 1 share of Neocene Gold Consolidated for 10 shares of each Major and Richland stock. All debts of the newly acquired mining companies have been liquidated.

The present equipment enables successful handling of 70 tons of material daily that is returning about $6 per cubic yard. There is a working crew of 14 miners. The management plans installation of additional machinery to enable a higher recovery of fine gold and contained gold in the black sands, which, at present, is being lost, following a series of recent tests.

Announcement was made to stockholders at the annual meeting that the company expects to declare a cash dividend equal to 10 per cent of the par value of all outstanding stock, about August 1, 1929.

In providing free board to its miners, the Neocene Gold Consolidated has instituted what the management claims a satisfactory and successful arrangement as well as an innovation in the mining industry. All employees receive the miner's wage scale; in some instances even higher than the union schedule. Through this arrangement the cost of state compensation insurance has been kept to a surprising minimum, according to President Manker.

C. A. Ackerman, noted metallurgical engineer, now in Arizona, is shortly to assume the supervision of the company's milling operations at Nevada City. The stockholders elected the following officers for the ensuing year: President C. Manker, P. O. Box 585, Sacramento, California; Vice President C. D. Cline of Los Angeles; Secretary R. H. Manker of Los Angeles. The directors, in addition to the president and vice-president, are E. Robertson Abbott, M. Nolan and Don Manker of Los Angeles, E Delos MaGee of San Francisco and E. Goering of Nevada City.—Mining Journal.

BAYLISS LINDLEY IN WRIGHT'S LAW OFFICE

Bayliss Lindley, member of one of Nevada City's most respected families and who complete his legal training the coming year, is spending his summer vacation in Nevada City and will study law in District Attorney W. E. Wright's office. Bayliss is one of Nevada City's fine upstanding sons and that he will shed luster on the family name goes without saying when he hang out his shingle, which we trust will be in Nevada City.

FAIRBANKS LANDS THE YUBA PASS CONTRACT

....J. L. Fairbanks of Willits has secured the contract for building the new highway between Downieville and Sierra City, the work to be commenced within twenty days of the signing of the contract. The funds are being furnished by the federal government under supervision of the bureau of public roads.

The bids for the work were opened in San Francisco Thursday and the local forest service offices were apprised yesterday of the letting of the contract. The entire thirteen miles is not included in the present conract which covers work at both ends of the notorious bottle neck. It is the intention to complee the work as soon as funds are available.

HIGHWAY COMMISSION IS WELL PLEASED AT WORK TAHOE UKIAH HIGHWAY

The visit of the state highway commission Saturday to view the splendid progress being made by Contractor Adams on the Tahoe highway route east from Nevada City was a real eye opener and they were more than pleased with what they saw to use their own words and the people of this county who have put in long years of waiting to get their rights are now in a fair way t o see their state bond issue road completed to the eastward to a connection with the Victory Highway in the near future, one of the biggest things that could happen to Nevada City.

After their tour of inspection they visited some of the historic spots about town and were keenly interested in the exhibit of the jewelry rock at the Bank of America vaults. They were tendered a sumptuous banquet at the National Hotel by the Tahoe Ukiah Highway Association which has been the mainspring in the twelve year movement to get the highway bulit after the bonds had been voted for it. James O'Brien of Smartville, chairman of the Association, acted as toastmaster in a most pleasing manner. Speakers were Raglan Tuttle, W. E. Wright, S. Lee Leiter, George C. Mansfield, B. A. Cassidy, J. Earl Taylor and R. A. Eddy were called on. Bert B. Meek, director of the state department of public works called attention to the fact that it the present highway commission appointed by Goernor C. C. Young, which was responsible for the work being done at the present time afmany years of disappointment. He also remarked that it was the intention of the commission to complete the east end of the route as soon as funds were available. His remarks were happily chosen and were listened to with a great deal of interest. A group of Nevada City and Grass Valley business men and the board of supervisors were guests.

Chairman O'Brien in a pleasing manner presented each member of the highway commission wih a nugget.

State officials present were Ralph W. Bull of Eureka, chairman, M. B. Harris of Fresno and Fred S. Moodey of San Francisco, members, of the state highway commission, C. C. Carleton ,attorney for the commission; C. H. Purcell, chief engineer; G. C. Mansfield, director of publicity; Mr. Meek.

H. O. Kohler of Washington was in Nevada City Monday.

Attorney and Mrs. W. E. Wright were Sacramento visitors Monday.

MINING NUMBER DISTRIBUTION IS FAR AND WIDE

Much favorable newspaper and personal comment has been aroused by the publication of the special mining number of The Nugget from over the state which is of course very pleasing to the publishers. Some are reprinted here:

P. Toleman— "I received my copy of the special edition of The Nugget yesterday and was extremely well pleased with it. It was very well gotten up and just what the district has needed for a long while. You deserve a whole lot of credit for the large amount of painstaking labor and effort you have put into it to make it the huge success that it will be. Please kindly send me at your earliest convenience an extra dozen copies of the edition".

El Dorado Exploration Co.— "I am this day in receipt of two copies of your special edition. The writer is very familiar with your county, and consider your publication merits great praise for the intelligent manner of instruction and information set forth. If every mining county would follow your path, a greater wave of mining activity would be felt throughout the different mining districts. Am mailing one copy east today".

E. H. Thompson, Chain Groceteria—"You have put out a wonderful edition for the mining industry"

United States Department of Commerce— "This will acknowledge the receipt of the copies of the special mining edition of the Nevada City Nugget which you were good enough to send to this office. I thank you for this courtesy in furnishing such comprehensive news of the industry in your vicinity." Victor C. Heikes, Statician in Charge.

E. J. Bradbury— "The mining number is a fine piece of work".

C. C. Bennett— Please reserve me 5 copies of your special edition of The Nugget. You are doing fine work not only for Nevada and Sierra counties, but for the whole mining industry of the State of California".

Sacramento Chamber of Commerce— The special mining number of The Nevada City Nugget came off the press last week and is now ready for distribution. The issue contains a wealth of information concerning mining in the Nevada County district and Northern California with several excellent articles by well known mining men. A directory of mining properties in Nevada County is a valuable feature.

C. A. Logan, State Mining Bureau—"Have just received copy of the special issue and was favorably impressed with Waggoner's articles, the list of mines, and general make-up".

E. Verch, Camptonville — "The Special number is good stuff, and deserves a wide distribution."

M. T. Ayres, Downieville— "Congratulations on your mining edition".

NH. M. Cooper, Auburn—"That was a splendid issue. Save 20 copies for me".

A number of our citizens and business men have been buying extra copies of the mining issue to send away. That is an excellent way of advertising Nevada City .Everyone who has Nevada City's interests at heart should send at least one copy of the mining issue outside. Merrit Rector holds the record so far with a dozen copies for outside distribution. Dr. J. R. Ivey, another sterling booster, is sending out a half dozen. Dr. W. P. Sawyer and B. L. Syms have also sent out extras as have others whose names we do not recall. That is the spirit that spells progress.

Charles E. Ashburn and son, Bud, of Marysville visited friends in Nevada City Monday. The former is superintendent of the Yuba county hospital.

Mr. and Mrs. H. D. Shearer had a happy gathering at their home Sunday composed of the following adughter and son, Miss Kate Shearer a teacher of Napa; Miss Alice Shearer a teacher of Sn Frncico nd Mr. and Mrs. Hubert Shearer of Sacramento.

OMEGA MINE HAS HYDRAULIC DAM READY FOR USE

The Omega Hill Mining Company which has extensive placer holdings at Omega above Washington is now getting ready for a steady run using hydraulic methods in handling the gravel. About sixty men are employed at the present time.

Some time since a permit was granted by the California Debris Commission to conduct hydraulic operations, building impounding dams in Missouri Ravine and Scotchman Creek about a half mile and a mile and a half below the mine workings. The company has spent a large sum of money in preparing for its operations, the governor's assertions that no money has been spent on hydraulic works of any magnitude, to the contrary. There are thirty million yards available for working.

It is expected that the work of washing gravel can be commenced about June 1st according to present schedule. The dam in Scotchman Creek near Washington is about completed at the present time and ready for impounding debris. A new flume has been built on the Blue Tent ditch which is owned by the company and it is said that there is an ample supply of water to conduct the operations.

W. N. Sim is general manager, Arthur Price, engineer and T. L Larsen is in charge of the operations.

Had the hydraulic bill been signed by the governor at least a million and a half would have been spent in developing a large area at Quaker Hill.

CITY TRUSTEES PASS FIRE DEPARTMENT LAWS

Four ordinances relating to the formation of the Nevada City Fire Department were passed by the city trustees at the regular monthly meeting on Thursday evening. They appear in full on page five of this issue of The Nugget, the official city paper.

The ordinances were drafted by city attorney Nilon at the request of the fire department which has been without a legal status for all the years of the city's history. The firemen after this week will also be permitted to inspect premises for fire hazards and to see to their abatement. The ordinances are worth a careful reading.

A delegation of taxpayers from Nevada street were in attendance to press their wishes for an oiled street as they had bee promised them at the time the paving was done. They had a numerously signed petition to present. Dr. and Mrs. W. P. Sawyear and Mr. and Mrs. James Hutchison appeared as spokesmen. The board took the matter under advisement.

An oil salesman who objected to the payment of the peddler's license in force here and who admitted he had made two selling trips without pungling up, wanted persission to make another trip without pay while he was figuring out some way of making trips free or thereabout. He was told that the board was going to play no favorites.

The police court was busy the past month as city recorder Coughiin reported $71.50 in collections. At that rate the court can be made a little source of revenue instead of a mere ornament to the payroll.

CLINCHES SELL GROCERY STORE KILPATRICKS

C. E. Clinch and C. Raymond Clinch have now disposed of all their mercantile business in Grass Valley by selling their grocery interests to the Kilpatricks of Chico. The general store section had previously been sold to the J. C. Penney interests. The Clinches still retain ownership of the buildings in which the businesses are housed.

The name of Clinch has been an important one in Nevada County mercantile circles for many years and it is with a feeling of regret that their name will no longer be found as merchants.

NEW LEDGE IS CUT IN TOMBOY PROPERTY

R. D. Dorris, who is developing the Tomboy and Eclair mining properties near Forest was in town Saturday and reported that he had cut into a promising ledge of good milling ore 3½ feet wide at point of cutting and which was increasing in width in a raise and a winze at that point. Samples taken in the new drift and working all show colors in free gold.

The main drift on the Eureka ledge was run in 258 feet and it was decided to run a drift in the footwall and but a short ways from where the new drift was started at a point 200 feet from the adit the new ledge was encountered. The work being done is all development to thoroughly open up the property before any milling facilities will be considered. Mr. Morris states that he has opened up seven pay shoots already.

There are seven claims in the property, three in the Tomboy group and four in the Eclair. A company was organized last fall as the California Eclair Mining Company under the laws of Nevada to open up the property.

JAMES STEWART WILL TELL HYDRAULIC STORY

Tomorrow Tuesday noon James Stewart, leading fighter for the resumption of hydraulic mining, is going to be the speaker of the day at the Lions Club at the National Hotel and will tell the inside story of the recent fight in the legislature to put over Jerry Seawell's bill. Jim's story will be well worth hearing.

Mr. Stewart has written an epic in the last issue of the Placer Heraid on the fight made in the state legislature to get our placer mining legislation enacted into law. Both Mr. and Mrs. Stewart were in the thick of the fight from the start and spent much time and money in the cause. Jim is a hard fighter. He gives Senator Jim Allen a great deal of praise for the way he led the fight in the senate in behalf of the bill, as well as Senator Christian. Jim is not sparing of his praise where he thinks praise is due. His remarks will be reprinted in a later issue of The Nugget.

GILBERT DAVIS GIVEN POST OF INSPECTOR

Gilbert J. Davis, one of Nevada City's honored Masons, has been distinguished with the appointment of Inspector of this Masonic district succeeding William J. Merrifield, resigned. The appointment comes as a merited recognition of the faithful efficient and painstaking service Masonry in this community rendered by Mr. Davis who is a Past Master of Nevada Lodge and the present Eminent Commander of Nevada Commandery. He is also Scribe of Nevada Royal Arch Chapter and in line to succeed to the office of High Priest.

CIVICS CLASS VISITS LEGISLATIVE HALLS

The civics class of the Nevada City high school last week took a day off to go to Sacramento to study legislative matters. Their visit to the capitol building was arranged by Assemblyman Seawell who had them introduced as guests of the assembly for the day. Senator Cassidy performed the honors in the senate. The class also visited the state printing office and other points of interest.

Accompanying the class were Professor H. E. Kjorlie, Mr. and Mrs. Lloyd Jennings, W. V. and Bill Tamblyn and Mrs. C. T. Larsen.

Mrs. Harvey Cooper, who has spent some tme visiting relatives at Eureka and San Francisco, returned home accompanied by her granddaughter Miss Barbara Lear, of San Francisco. The young lady will spend the summer here.

Henry O'Neill left Tuesday for the Spanish mine and will be the blacksmith for the mining company.

CHAMPION MINE IS OPTIONED BY GORDON BETTLES

In confirmation of various reports and rumors with regard to a deal on the Champion property, Gordon M. Bettles, manager and secretary of the Yellow Tiger Consolidated Mining Company, has made the following statement to The Nugget:

"On behalf of myself and associated interests I have obtained a lease on that portion of the Champion Group lying north of Deer Creek. This lease has no bearing on other operations of the Yellow Tiger Consolidated Mining Company nor has it any connection with the proposed operation of the Western Mines Mines Consolidated. No development program at depth is at this time contemplated. In fact no development policy has been definitely determined upon. We have a lease for a sufficient period of time to permit of extensive operations if such prove warranted. We have granted one lease on a portion of the ground and are now prepared to receive applications for leases on any portion of the Champion Group north of Deer Creek.

"My personal observations have led me to believe that considerable tonnages of low grade ores may be recovered from the Champion property. There are also probably some fragments of better shoots that may be profitably recovered. Certain portions of the property may respond to entirely new development. In view of the splendid past history of the Champion and the fact that it has been operated in the past by mining organizations of the highest type, it would seem foolish to anticipate discoveries that would warrant large scale development on Company account. However, it seems to present an ideal set of conditions for "tributers" or learers, and many, many times in the past an old mine has been brought back to a large part of its former glory by this system. I will state that a great portion of the active local mining men agree with me in these views and have in fact pointed them out to me.

"We are prepared to offer leases on terms that will permit of the mining of the low grade ores that would seem to constitute the principle recoverable values in the property. I am convinced personally that many profitable small operations will result from this policy and it is my hope that the outgrowth of the matter will yet be a large scale operation of lasting benefit to the Nevada City District."

TWIN SISTER WORKING TWO SHIFTS PROPERTY

Two shifts are now working at the Twin Sisters property and pushing the big No. 3 tunnel steadily ahead toward its objective. About four feet a day are being registered with indications good for picking up a ledge in the near future. There is plenty of water available for operating the compressor plant for the machine drills.

R. O. Foster, president of the company, has recently sold his store business at Talmadge and will give his entire attention to the development of the property. The company expects to install modern milling facilities as soon as the No. 3 tunnel has been completed and a raise run to connect with the upper workings where a great deal of milling ore has been blocked out.

NEW LAUNDRY OPENS DOORS TEGLER BLOCK

A. M. Clark, formerly in the laundry business here, will reopen in the same line with hand laundry in the former Tegler building on Commercial street in a few days. Mr. Clark has been engaged in business in San Francisco of late but has sold out his interests there. He will be given a warm welcome on his return to business circles here.

Mr. and Mrs. J. K. Williams had as a Sunday visitor their daughter, Miss Elva, of Sacramento who is training for a nurse.

THANKS, ALLEN

The Nevada City Nugget of which A. A. Willoughby is the publisher, this week issued a splendid special mining number devoted to the entire mining section of Nevada County. The special section is printed on book paper and is the size of a standard magazine consisting of 34 pages. The book contains a complete directory of Nevada County mines as well as numerous special articles on the industry. Editor Willoughby is to be complimented upon his enterprise in giving the mining industry this valuable edition. It deserves a wide distribution.—Colfax Record.

COZY CORNER CHAT

AS INDICATIVE of the friendly feeling existing between the two newspapers of western Nevada county, is the following editorial taken from the Morning Union:

"The Nevada City Nugget has just issued a special mining number of 32 pages, printed on book paper and illustrated with photographic views of the mining plants of the county. Authoritative articles dealing at length on the historical and geological aspects of the Nevada county field are presented by Walter Bradley, California state mineralogist, Gordon M. Bettles, W. W. Waggoner, Thomas E. Stephens and various other writers having special information on the subject. A feature that should prove of value to prospective investors is a directory compiled from the county records listing over 500 500 companies and individuals owning or representing mining properties within the county".

IT USED TO BE that when one newspaper attempted something outside the regular routine, that its contemporaries either treated its efforts with silence or derision. Those days are gone forever. Newspapers must now work along constructive lines to improve their communities or they soon suffer oblivion in the minds of the public. The newspaper business is much more of a business institution than the old days when it was looked on as more or less of a charity proposition that the merchants had to carry an advertisement in to keep it alive and the subscribers to trade potatoes and such like for their subscriptions. The Morning Union has filled an important niche in the life of western Nevada for nearly three quarters of a century, an important span in the life of any newspaper.

THE RECENT AGITATION in favor of the resumption of placer mining in our state legislature has been the means of firmly cementing in the minds of the voters that they made an excellent selection of their assemblyman last fall. Jerry Seawell has conclusively proved that he is the man for the job and that he ready and willing to fight against tremendous odds for his constituency. His entire work in the assembly was pointed toward the one end of benefitting his district in every way possible and not concerning himself with outside matters that had no bearing on his own district. He did not try to ride into popularity on the skirts of the administration forces and has been responsible for his actions to no one but his own people. This is an admirable quality in one so new at the game. He has taken dictation from no faction and his record is clean. The action of the governor in his veto talk attempting to justify his negative action has not dimmed in the least the brilliant work of our assemblyman in his maiden term. His remarks on the governor's veto show his qualities i nno uncertain manner.

MINING TO BENEFIT by legislation seems to be in a bad way. Our governor who has shown remarkable qualities in many ways seems to be obsessed against one of our state's major industries in all his administration so far. Outside of one mall appropriation of $20,000 aside from the customary budget sum for the upkeep of the state mining bureau, not much of moment has been put forward to assist mining to get on its feet again. Instead of giving mining prominence by making it a department in the new plan of state government he subordinated it to a minor position and grouped it with state parks and fish and game, both recreational features and not allied to industry at all. Governor Young could have done much by taking a positive attitude in favor of placer mining. The sooner that a state mining organization can be formed and outline a comprehensive program the sooner mining can benefit. When the mining men do not think enough of their profession to fight for it an organized way they are at the whim of any and every sort of legislation that may be proposed and without any effective means of combatting it. That is the chief trouble with mining today. It needs cooperative effort.

Planning high-speed business

MORE than 95% of the telephone calls from one town to another in the Bell System are on a high-speed basis. The operator in many cases now asks you to hold the telephone while the call is put through.

Out of town calls used to be handled by one operator taking your order and giving it to another group of operators to put through. You now give your call direct to the operators who put it through—and put it through fast while you are on the line.

A high-speed service to all parts of the country—calls from one town to another as swift, clear and easy as local calls—that is the aim of the Bell System.

CHAMBER COMMERCE HAS SESSION RESOLUTIONS

The monthly session of the Chamber of Commerce last week was a busy one in passing resolutions and transacting other business. In the absence of the president, R. J. Bennetts, Arthur W. Hoge presided in his capable manner.

The idea of having a county exhibit at the coming state fair made by the County Development Association was heartily endorsed by the Chamber. The work done by Supervisor Eddy on the Lake Vera road came in for commendation. Assemblyman Seawell was highly commended for his work in favor of placer mining and resolutions were also ordered sent Senators Cassidy and Allen. The intent of Chico to land a government experiment station was endorsed. It was reported that the fish and game commission had responded favorably in the matter of furnishing fish fry for planting.

O. D. Woodman reported that the auto park could be reopened for an expense of $100 and he was authorized to proceed with the work. William C. Jeffrey will act as manager.

The report of the dance committee showed in excess of $400 from the recent dance held and a special vote of thanks was tendered Chairman R. R. Goyne and his committee.

In 5 MILLION HOMES TONIGHT

A host of babies will enjoy sound sleep tonight. And their parents will have unbroken rest. Castoria is the cause of this contentment in a multitude of homes.

Good old Castoria! Children cry for it. Mothers swear by it. Not a household where there is an infant should ever be without it. A few drops of Castoria quiet Baby in a perfectly innocent manner. It is natural slumber that follows. Castoria is a purely vegetable product. No opiates. No narcotics. Of any kind.

Now you know why trained nurses give Castoria as often as an infant is ailing, or even restless. And why doctors tell mothers it is the first and only home remedy when Baby has constipation, colic, diarrhea, or other upset. It is made for babies, and safe to give babies, and other things are not.

Fletcher's Castoria is "old-fashioned" if you count its fifty years, but it's an old-fashioned mother, nowadays, who worries along without it. Twenty-five million bottles bought last year! Think of the number of mothers who rely on Castoria! All these mothers can't be wrong! To keep a bottle in the house is a precaution you owe your little one.

Children Cry for Fletcher's CASTORIA

THERE is nothing that has ever taken the place of Bayer Aspirin as an antidote for pain. Safe, or physicians wouldn't use it, and endorse its use by others. Sure, or several million users would have turned to something else. But get real Bayer Aspirin (at any drugstore) with Bayer on the box, and the word *genuine* printed in red:

FRENCH CORRAL ITEMS

FRENCH CORRAL, May 18, (Special to The Nugget)— Well, the month of May half gone and that much needed rain has not come yet. Last Sunday it got ready and a light sprinkle of about two drops to the acre was given. Still have hopes how-ever. Have had a few hot days. Temperature high as 82° in one section.

Stockmen are moving cattle and sheep to the upper country.

Wm. Walsh of Smartsville passed through with a drove of cattle Friday.

W. P. lerkin took some of his cattle up the country Tuesday.

J. Hartley of Smartsville pased through Monday with a drove of over 1500 sheep which he was taking to a range near Shady Creek.

We see many autos passing these days with people unknown to us. Our good roads bring visitors.

Columbia Parlor, No. 70 N. D. G. W. held a meeting the afternoon of May 10th. At this time, they eleced as delegates to the coming session of Grand Parlor, Miss Theresa O'Conner of Birchville.

Mrs. Chas. Buhl and children of Brown's Valley visited the Clerkin family, Friday, Saturday and Sunday

Mrs. Buhl and Miss Millie Clerkin made a visit to Grass Valley Saturday.

Rev. Fr. O'Rielly held early service in the church at Birchville Saturday morning. This was special service to enable members to fulfill their Easter obligation.

Miss Theresa O'Conner and brother, M. O'Conner, made a trip to Nevada City Saturday.

Earl Chatty of San Francisco was a visitor Saturday and Sunday. His wife and children are visiting at the home of Mrs. Chatty's parents, Mr. and Mrs. J. W. Culver.

Miss Louise Moulton and Miss B. McMinn went to Grass Valley Saturday to meet Miss Frances Moulton, who came from Sacrameno to spend the week's end at home.

Sunday was Mother's Day and the mothers of this place were all kindly remembered by visits or letters and presents from children and friends. This beautiful custom will ever be a sweet memorial to our beloved and martyred president, Wm. McKinley.

But who could ever really forget mother. The very word itself has a soothing influence.

The Browning family spent Sunday with "Grandma Browning" of Nevada City.

Supervisor Joseph Frank of Rough and Ready was a Sunday visitor.

Mr. and Mrs. Clarence Shurtleff of Nevada City were Sunday visitors. Mrs. Shrutleff was born in French Corral, and it was her home during all her younger years. Her parents, the late Charlie Smith and wife, now deceased kept the Grade House for many years.

Mr. and Mrs. Benton Wilcoxon of the Drum Power house, spent Sunday with relatives in French Corral. Mr. Wilcoxon has for many years been an employee of the P. G. & E. holding several important positions for that company.

Miss Frances Moulton returned to Sacramento Sunday evening. Her parents, Mr. and Mrs. W. E. Moulton, and sister, Louise, accompanying her as far as Grass Valley.

Mrs. A. Browning and Miss Clerkin made a trip to Pike City Monday.

W. E. Moulton made a trip to North Bloomfield early Monday a. m. to take his daughter, Louise back for her school work.

E. S. Durfee of Gridley was a Tuesday visitor.

R. Kirkwood of Alleghany visited his mother Tuesday.

Mr. and Mrs. W. E. Williams of San Francisco and their daughter, Mrs. Edna Collins, Mrs. Rose Williams and Mrs. J. B. Allen of Grass Valley, sisters of Mr. Williams formed an auto party that visited this place Tuesday. All but Mrs. Collins were old time residents of French Corral. They spent a happy hour at the school where Mrs. ElsieSchwartz, a niece of Mr. Williams teaches. Mr. Williams was a pupil of the French Coral school fifty years ago, and with pleasure he entertained the pupils with recitations and songs of the olden days. While the party saw many sad changes they were happy to visit the old home place again.

Mr. and Mrs. F. Petersen of Auburn were visitors Wednesday and Thursday. During this time they made a trip to Alleghany, North Bloomfield, and Snow Tent. They are friends of the Clerkin family and Miss Millie accompanied them on heirouting trips.

W. King and W. Granholm, who have been engaged in winter mining ere left for the summer, this week

Mr. and Mrs. Ludy and children of San Francisco, who have been sojourning here for the past week, left for their home this morning. Mrs. Ludy is a daughter of the late Jim Dillon and was a resident of French Corral in her early life.

Death seems to be choosing from the residents of the San Juan Ridge very often. We are sorry to record the death of Clyde Wodell of Sacramento, who was a native of San Juan and spent nearly all his life on the Ridge.

The Sweetland school where Miss Carmel is teacher, and also the Pleasant Valley school, where Miss Theresa O'Connor is teacher, close today.

M. Angiolini was sent as a delegate from the Odd Fellows Lodge and spent last week at the convention.

Week end guests at the B. F. Howe home were, Mrs. B. F. Thornton and daughter, Elysia, of Sacramento; and Mr. and Mrs. C. H. Johnson of Oregon.

Fred F. Cassidy was in Pittsburg Wednesday to witness the dedication of the new five million dollar steel plate mill of the Columbia Steel Company.

L. E. Calanan of the Ray ranch was in Nevada City Monday.

The Banner Mountain lookout has again been opened for the 1929 season by the Forest Service. Benjamin F. Howe is in charge as usual.

Ray C. Rossen of San Francisco spent the week end here visiting relatives.

CAMPTONVILLE PERSONALS

The annual Public Schools Week program was given Saturday evening at the Masonic Hall before a large audience. A very fine program with the grammar school children nad been prepared by Miss Doris Nightingale, principal of the school. One of the interesting numbers was "The Geography Book" in which the children took off parts of the countries of the world, entering the stage through the cover of a large geography book.

All of the children deserved credit, but the representation of Spain by Dan Jaynes and Dorothy Hays brought great applause. Particular praise is given Miss Ada Jaynes, who took the part of the Nigger mammy, particularly in her dancing of the Charleston and her songs. Two vocal numbers were presented by Miss Juanita Wright, a student of the University of California, from Texas, Mrs. Acton M. Cleveland, accompanying her on the piano. There were enjoyed very much.

The local ice and cold storage plant owned and formerly operated by the Meek Mercantile Company has been sold to Scott and Dugan of Downieville, and is being dismantled and taken to Downieville.

Peter Peterson received a bad dog bite in the hand Saturday morning, and had to go to Nevada City for medical attention. The dog is an old one, and grabbed Peterson as he passed him, but did not have the rabies. The wound is not bad but medical attention was thought best.

Born at San Francisco, California on May 7th, to Mr. and Mrs. Edwin G. King of McCloud formerly of Camptonville, a daughter, Elizabeth Maude.

The Board of Trustees of the Camptonville Union Grammar SChool District held its meeting Wednesday evening with full attendance. Business matters, appertaining to the welfare of the local schools were discussed. The annual reports, budget, and other matters required by present day educational laws were complied with. The Board unanimously re-elected the present teachers, Miss Doris Nightingale, principal, and Mrs. J. P. Smart, in charge of the primary department. William A. Lang of the Lang Garage, has the ontract for transporting the children from Celestial Valley and Oak Valley, and Louie Marquardt from Mill Creek.

No school bells rank Tuesday for the entire school, teachers and all, took a day off, and journeyed to Marysville to see A. G. Barnes Circus. Miss Doris Nightingale, principal of the school, made the arrangements, the school going in a large truck of W. H. Wayman, one of the school busses, and Miss Nightingale's car, Mr. and Mrs. W. H. Wayman, Mrs. J. P. Smart, and William A. Lang, accompanied the delegation.

The six year old daughter of Mr. and Mrs. Levi W. Turner was rushed to the hospital at Grass Valley Tuesday, and operated upon for a bad absess of the bladder. T helittle girl had been ailing for some time, and had reached a real critical condition.

George Butz motored to Nevada City Friday afternoon.

A. Berner, superintendent of the Garden Valley dredger left Saturday for his home at Redwood City.

Peter Peterson motored to Nevada City Saturday.

F. P. Godfrey, Leonard L. Bishop and Esmond Humphrey motored to Nevada City Sunday. Henry Godfrey accompanied them enroute to his home at Berkeley after a visit here.

The following were among those who attended the Public School program from Pike City: Mr. and Mrs H. H. Chatfield and family, Mrs Fern Cook and children, Aileen Godfrey, Dorothy Marks, Mr. and Mrs. Gorden Woods and Robert Beame.

Owen Eddy and Fred J. Joubert motored to Downieville Saturday.

Mrs. Margaret Goldthwait and Mrs. Thomas Williams left Sunday for Dobbins, Mrs. Goldthwait will visit there for some time.

Gilbert Davis, Mr. and Mrs. Joe Stenger, Mr. and Mrs. John W Darke and L. W. Jennings came up from Nevada City Saturday evening to attend the Public School program

Miss Lesta H. Joubert and Owen Eddy motored to Sacramento Monday.

Mrs. Acton M. Cleveland left Monday for North San Juan on visit with her mother.

Mrs. Clayton Chatfield of Nevada City was in town Monday.

The many friends of Mrs. Jacob Peterson regret very much to learn of her misfortune of falling and breaking her hip. The accident occurred at San Francisco where she was staying with her daughter, Mrs Howard R. Marden.

Thomas Wayman of Pike City was in town Tuesday.

B. F. McNaught and niece, Mrs. Phyllis Riddell and son, Minot, left Tuesday for Los Angeles.

Edwin G. King of McCloud passed through town Tuesday from San Francisco enroute to his home, stopping over to visit his old home and many friends here.

John Owens of Forest City passed through town Tuesday enroute to his home from the lower country.

S. Minoli and Henry Harrison of Indian Hill motored to North San Juan Tuesday.

STATEMENT OF THE OWNERSHIP AND MANANGEMENT OF THE NEVADA CITY NUGGET

Required by the Act of Congress of August 24, 1912, for April 1, 1929.

Before me, a Notary Public in and for the State of California, County of Nevada, personally appeared Arthur A. Willoughby, who having been duly sworn according to law, deposes and says that he is the publisher of The Nevada City Nugget, and that the following is to the best of his knowledge and belief, a true statement of the ownership and management of the aforesaid publication for the date shown in the above caption:

That the publisher, editor and managing editor is Arthur A. Willoughby, Nevada City, Calif.

That the business manager is Elsie P. Willoughby, Nevada City, Calif.

That the owners are Arthur A. Willoughby and Elsie P. Willoughby, Nevada City, Calif.

That the known bondholders, mortgage holders and other security holders are Intertype Corporation, Brooklyn, N. Y., (covering typesetting machine installments).

Arthur A. Willoughby

Sworn and subscribed to before me this 15th day of April ,1929.

W. E. Wright, Notary Public.

Mrs. Josh Conover purchased the house and acre of ground belonging to Mr. and Mrs. Williams on Clay Street. Mr. and Mrs. Williams have bought a home in Gold Flat near their daughter, Mrs. Noyes.

Mr. and Mrs. Ray Davis are preparing to buy one of the Marsh Lumber Company houses on Park Avenue.

CONTRACTOR RUDE IS BUSY ON NEW WORK

Contractor J. Rude is engaged in the work of building the new hospital at Lake Vera for the Oakland Camp Fire Girls. It will contain three rooms, bath and sun porch, well screened, and will be modernly equipped throughout.

Mr. Rude recently completed the remodeling of the home of District Attorney and Mrs. W. E. Wright and has several other contracts under way which show his artisanship.

W. A. DOCTOR HAS NICE SACRAMENTO JOB

W. A. Doctor, who was for some months the secretary of the Nevada County Building and Loan Association following its inauguration, is now acting as assistant secretary of the Northern California Branch of the American National Building and Loan Association with offices in the Hotel Sacramento building. The association is a new five million dollar organization. The Doctor family is remaining in Nevada City and Mr. Doctor comes up for his week ends. He made many friends during his stay here.

Grandma is cooking with electricity

"JUST keeping up with the times," says Grandma Collins, "I am one of the many new users of the electric range. I was just over at the P G and E's office and they told me one thousand five-hundred of their customers will get electric ranges this May and June."

The electric range gives a beautiful, clean kitchen and perfect baking to women who love modern methods.

The electric range has white and gray porcelain enamel that makes kitchens attractive. It bakes perfectly. And it does it automatically. The oven heats up to 400 degrees in 9 to 11 minutes—as fast as one can mix biscuits. The open or closed cooking elements are now made smaller to fit your pans. Heat that was formerly wasted goes to work. Food cooks faster, less electricity is used.

While you're downtown, stop in at a dealer's or at our office and see these new electric ranges. Or telephone us and our representative will gladly show you pictures of the many beautiful new models.

Electric water heating is now economical

The cut in rates of a year ago, means that an electric water heater, when used with an electric range, heats water for only one-third to one-half of a cent per gallon. So little to pay for hot water. And a CLEAN, COOL, all-electric kitchen.

No wonder that women using electricity for cooking are turning to electricity for heating water.

LEGAL NOTICE

ORDINANCE No. 209

AN ORDINANCE FOR THE INSPECTION OF PREMISES BY THE FIRE DEPARTMENT TO SAFEGUARD THE PUBLIC AND PROPERTY AGAINST FIRE.

The Council of the City of Nevada does hereby ordain as follows:

Section 1

It shall be the duty of the Chief of the Fire Department to inspect or cause to be inspected by fire department officers or members, as often as may be necessary, but not less than twice a year in outlying districts and four times a year in the closely built portions of the city, all buildings, premises and buildings, premises and public thoroughfares, for the purpose of ascertaining and causing to be corrected any conditions liable to cause fire, or any violations of the provisions or intent of any ordinance of the city affecting the fire hazard. In private dwellings such inspections shall be restricted to basements and cellars.

Whenever any officer or member of the fire department shall find in any building, or upon any premises or other place, combustible or explosive matter or dangerous accumulation of rubbish or unnecessary accumulation of waste paper boxes, shavings or any other highly inflammable materials especially liable to fire, and which is so situated as to endanger property, or shall find obstructions to or on fire escapes, stairs, passageways, doors or windows, liable to interfere with the operations of the fire department, or egress of occupants in case of fire, he shall order the same to be removed or remedied, and such order shall forthwith be complied with by the owner or occupant of such premises or buildings, subject to appeal within twenty-four hours to the Mayor who shall within ten days review such order and file his decision thereon, and unless the order is revoked or modified it shall remain in full force and he obeyed by such owner or occupant.

Any owner or occupant failing to comply with such order within ten days after said appeal shall have been determined, or if no appeal is taken then within ten days after the service of the said order, shall be liable to a penalty as hereinafter stated.

The service of any such order shall be made upon the occupant of the premises to whom it is directed by either delivering a true copy of same to such occupant personally or by delivering the same to and leaving it with any person in charge of the premises, or in case no such person is found upon the premises by affixing a copy thereof in a conspicious place on the door to the entrance of the said premises. Whenever it may be necessary to serve such an order upon the owner of premises, such order may be served either by delivering to and leaving with the said person a true copy of said order, or, if such owner is absent from the jurisdiction of the officer making the order, by mailing such copy to the owner's last known post-office address.

Section 2

Any person or persons, firm or corporation violating any of the provisions of this ordinance or any of its sections, shall be guilty of a misdemeanor, and upon conviction shall be punishable by a fine of not more than twenty-five (25) dollars for each offense and not more than twenty-five (25) dollars for every day thereafter so long as the said violation exists, or by imprisonment in the city prison not exceeding ten days, or by both such fine and imprisonment.

Section 3

All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Section 4

This ordinance shall take effect and be in force ten days from and after its passage.

The foregoing ordinance was enacted by the council of the city of Nevada, at a regular meeting thereof held this 16 day of May 1929, and was passed by the following vote:

Aye—Trustees Seaman, Murchie and Bennetts.

Nay—Trustee, None.

Absent — Trustees, Armstrong Holmes.

SUMMONS
NO. 5702

In the Superior Court of the State of California, in and for the County of Nevada.

SARAH PRESCOTT, Plaintiff,
vs.
JOHN SENNER, Sr., CHRISTINA SENNER, his wife, JOHN SENNER, Jr., FRED SENNER, WILLIAM SENNER, EMMA MALTMAN, ALEXINA C. M. GRISSEL, GEORGE A. GRISSEL, her husband, ARTHUR BARTON, and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

Action brought in the superior court of the State of California, in and for the county of Nevada, and the complaint filed in the office of the clerk of said county of Nevada.

F. T. NILON,
Attorney for Plaintiff.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

John Senner, Sr., Christina Senner his wife, John Senner, Jr., Fred Senner, William Senner, Emma Maltman, Alexina C. M. Grissel, George A. Grissel, her husband, Arthur Barton, and "also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto," defendants:

You are hereby directed to appear and answer the complaint in the action entitled as above brought against you in the superior court of the state of California, in and for the county of Nevada, within ten (10) days after service on you of this summons if served within this county; or within thirty (30) days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgement for any money or damages demanded in the complaint, as arising upon contract, or he will apply to the court for any other relief demanded in the complaint.

The object of the action is to determine all and every claim, estate, right, title, lien or interest in the real property hereinafter described, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto; to obtain a judgment of this court adjudging and decreeing that plaintiff is now, and has been, by herself and her predecessors in interest, in the actual, exclusive and adverse possession of said real property, continuously for the period of twenty (20) years immediately prior to the filing of the complaint in this action, claiming to own the same in fee as her separate property against the whole world, and that plaintiff by herself and predecessors in interest has paid all taxes of every kind levied or assessed against said real property during the period of five (5) years next preceding the filing of the complaint aforesaid; that plaintiff is the owner and entitled to the possession of said real property; that all claims of said defendants hereto are without right, and that defendants have not, nor has any of them, any right, title, estate, or interest in said real property or any portion thereof.

The real property affected by this action, and hereinbefore referred to is described as follows:

All that certain lot and parcel of land situate in the city of Nevada, County of Nevada, State of California, bounded and described as follows, to-wit:

All of the lot numbered three (3) and a portion of the lot numbered twelve (12) of block numbered (12) in said city of Nevada, as said lots and block are designated and delineated upon the map of the official survey of said city made by H. S. Bradley in the year 1869, described as follows, to wit:

Beginning at a point on the east line of Main street from which the corner of Main and Church streets bears north 28° 13' west 91.68 feet; thence from a true meridian north 62° 57' east 52.23 feet; thence north 14° 21' west 9.15 feet; thence north 21° 21' east 68.57 feet to the northeast corner at a stone wall on Coyote street, from which the corner of Coyote and Church streets bears north 4° 57' west 80.20 feet; thence south 5° 44' west 51.35 feet along Coyote street; thence south 76° 30' west 43.40 feet along stone wall; thence south 61° 07' west 56.70 feet to Main street from which the northwest corner of Snyder's brick garage bears south 27° 25' east 60.38 feet distant; thence north 29° 49' west 51.10 feet along concrete wall to the place of beginning.

Given under my hand and the seal of said superior court of the state of California, county of Nevada, this 22nd day of December, 1928.

HYDRAULIC BILL MEETS WATERLOO AT HANDS OF GOVERNOR' OFFICE

The Seawell bill proposing to utilize some of the state funds to assist in promoting the placer mining industry as well as the many other functions which are supported at public expense, suffered its waterloo in the governor's office last week after having run the gauntlet of the asembly and the senate. The chief executive issued a long statement to the press in which he endeavored to justify his veto.

If the bill has done no more than to justify in the minds of the voters the fact that they have in the assembly a fighter from the word go for the interests of his district it has accomplished an important thing. The anti debris crowd are naturally anxious as to who represents this district in the hope that this type of legislation will not be confronting them each session of the legislature. Jerry's political future is made and one enthusiastic supporter from Auburn was proposing in this office that he would make an excellent lieutenant governor.

The Nugget is well satisfied with the work that Assemblyman Seawell has done in his first term as a legislator.

It feels disappointed that Senator Cassidy did not have more influence with the governor's office in seeing the bill through to final victory. The senator was in the front rank espousing the cause of the governor against the San Francisco legislators who desired to have control of their own harbor, and the least the administration could have done would be to repay the debt incurred with legislation vitally affecting this district. The San Francisco boys certainly did well by us in our mining aspirations just the same for which they have our thanks.

WILSON NEW PRINCIPAL ISENSEE TO ESCALON

The resignation of Professor A. F. Isensee as principal of the local high school in order that he might accept the principalship of the Escalon high school has been accepted by the school trustees and from a large field of applicants Bert R. Wilson, principal of the Kelseyville schools has been named to the post. The new principal will be here today to go over matters of import with the board, particularly with regard to the teaching force for the coming year.

The Isensees go to their new field of labor with the best wishes of a large circle of friends formed during their stay here. Mr. Isensee is a fine educator and is well known in educational circles.

Gilbert J. Davis, one of California's best loved educators, will continue in charge of operations at the Washington temple of juvenile knowledge.

THE SOCIAL WHIRL

"APPLESAUCE" PROVES TO BE FINE ENTERTAINMENT

"Applesauce", the starring vehicle of the high school seniors was presented at the Nevada Theatre Thursday evening and was pronounced one of the best plays ever staged by the school. A large and appreciative audience applauded the efforts of the young thespians. Excellent music was furnished by the school orchestra under the coaching of Mr. Pedersen. A Spanish dance by Miss Bernice Eden and Mr. Lloyd Penrose was much enjoyed. The players were coached by the Misses Hoffman and Taylor while Miss Leschinsky was in charge of the properties.

A fishing party consisting of Mr. and Mrs. Jack Harry, Mrs. C. Muscardini, her daughter and son, Ellen and Elisha Curtis, spent Sunday at Bridgeport. They caught a number of fish among them being one rainbow trout, caught by Elisha Curtis that was 17 inches long and weighed a pound and a half.

LAUREL PARLOR OBSERVED MOTHERS DAY LAST WEEK

Laurel Parlor, Native Daughters, fittingly observed Mother's Day at its meeting last week with an old fashioned school, presided over by Mrs. Nellie Clark, and which furnished a great deal of entertainment. Refreshments were served during the evening.

WHEN JOHN WANAMAKER WALKED BEHIND A PUSHCART

A great faith, a sublime self-confidence, the ability to save his earnings, was the magnet which attracted to John Wanamaker those things which made him a merchant prince. When young Wanamaker was delivering his first order of clothing in a pushcart in the streets of Philadelphia, he did not permit himself to think of his poverty, but made up his mind that with the money he would earn, he would save and some day become one of the biggest business men of the country. The opportunities that made Wanamaker rich, exist today.

All men cannot be Wanamakers, but there are always opportunities, here and elsewhere, and the man with money in the bank is always the man who can grasp them. Without some money, the opportunity slips by and you keep on in your humble job. This bank advises people to save their money. The biggest returns come to the people who do the saving.

CAMEL
CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

Camels are made of the choicest tobaccos grown.

The Camel blend of Domestic and Turkish tobaccos has never been equaled.

Camels are mild and mellow.

They do not tire the taste.

They leave no cigaretty after-taste.

Camels have a delightful fragrance that is pleasing to everyone.
